Our Store Front Now (2017)

Sabor Vapors LLC. was established June 2014 in Berks County - Hamburg, PA. Being a family owned and operated retail vape shop and eliquid manufacturer, we are extremely passionate about the industry. We support and participate in all advocacy organizations where education is the forefront and fundraising is used to support legislative work for the industries future. We invest in this industry because we want smokers to experience the same success we have. At Sabor Vapors we pride ourselves in superior customer service while also providing affordable and quality products to our customers.

"We want to save the world, and pay it forward!"

We are the owners of Sabor Vapors LLC. It has always been our dream to own a business and offer a product/service that somehow improves the lives around us. We want to save the world and pay it forward. Life isn't easy or free, success comes with struggles. We don't have investors - nor are we rich, or will ever be. You only get out of life what you put into it, and we are willing to work! Our parents (who are awesome by the way) taught us hard work pays off; believing in something, even yourself, is important in life.

We have met the most amazing people in this industry and without them none of this would be possible. We continue to fight everyday to improve ourselves, our business and the vaping industry. We support our community, and know that they support us in return.

Sabor Vapors is made up of an awesome team. We respect and cherish them for their hardwork and dedication. We are grateful to them for trusting and believing in us.

HEY THERE! THANK YOU FOR TAKING A FEW MOMENTS TO GET TO KNOW US. WE APPRECIATE YOU & YOU'RE IMPORTANT TO US!

Our Advocacy Line

BLITZKRIEG

The imminent need to focus on our separation from Big Tobacco Association and overall government control

The pawn represents a large majority of us in the fight. Feels rather insignificant. Historically represents our infantry. Has the least amount of progressing alone and cannot be promoted without good reason and purpose to win the end game.

Bark is a full bodied mocha mint dessert truffled with a rich brown sugar & toffee cream.

The knight should be your best friend. It represents those of us who must always stay close to where the action is while still remaining out of the line-of-fire.

Black is a smooth yet robust, sweet & sassy Blackberry burst blend controlled with a Light citrus twist.

The rook represents those protecting our leaders but not transparent about their personal objective/direction or loyalty. These are snakes that live amongst us and fight beside us ever single day.

Bourbon is an orange cream ginger beer with a splash of bold bourbon chaser.
