MADE WITH LOVE IN JORDAN

The majority of Dead Sea products are made by women from the Dead Sea and Jordan Valley. By supporting these products, the lives of these working women and their families will be positively impacted. Help us encourage confidence and self esteem development, as well as economic independence. Let's promote strength of the female voice at home and in the community.

HOW WE GIVE BACK

For each unit sold in Canada, 10 cents will be donated to help with the Syrian Refugee Crisis in Jordan. The money will be donated bi-annually to a United Nation controlled relief service in Jordan.
